Product Description

Removable Tank 4 Stage Filtration Instant Hot Water Purifier Dispenser

The instant hot water dispenser is a modern appliance designed to provide hot water almost instantly, typically within three seconds of activation. This device is a convenient solution for homes, offices, and commercial settings where quick access to hot water is essential for tasks such as making tea, coffee, instant noodles, or for general hygiene purposes. The instant hot water dispenser is a testament to the advancements in kitchen technology, offering convenience, efficiency, and safety for users who need quick access to hot water.

*Fill in the direct drinking water or purified water ONLY.

Product Specification

Countertop Instant Hot Water Filter Dispenser

Model	AM101A-03L
Filtration Capacity	12L/h
Rated Power	2400W
Purification Capacity	12L/h
Water Tank Capacity	2.7L
Product size	L283*W210*H312mm
